

Changing or Resetting Your Crown Password

If you know your password and would like to change it, follow the steps below:

Step #1-Web Address

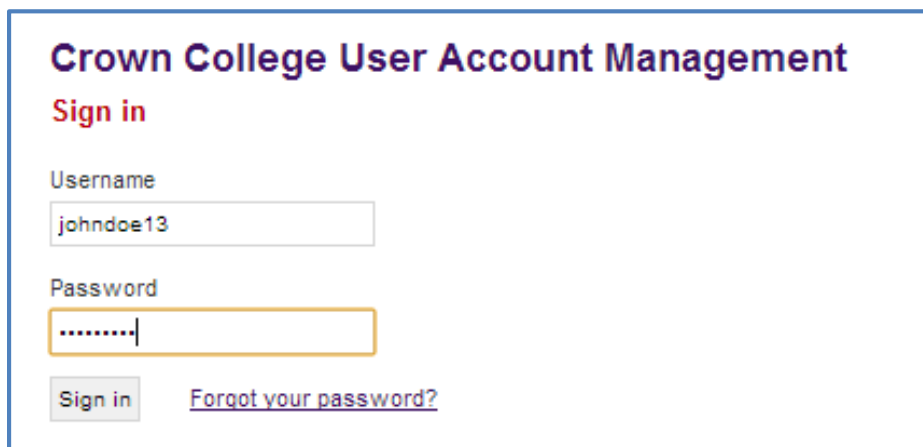

Go to the web address "password.crown.edu" Once there, you should see the following form:

The screenshot shows a web form titled "Crown College User Account Management" with a sub-heading "Sign in". It contains two input fields: "Username" and "Password". Below the fields are two buttons: "Sign in" and a link "Forgot your password?".

Step #2-Signing In

Enter your username and password and click on 'Sign In'.

The screenshot shows the same web form as in Step 1, but with the "Username" field containing the text "johndoe13" and the "Password" field containing a series of dots. The "Sign in" button is highlighted with a yellow border.

(If you try to log in and the password is not working, follow the [Reset a Forgotten Password](#) instructions later in this document.)

Step #3-Updating Information

Once you are able to log in, you should see the Account Details screen. Click on the link “Update this information” to update your password.
